S**101**

GENERAL PAPER

Paper 1

2026

Section A: Effective Communication and Application of Language in Context

Item 1:

1. **Introduction / Interpretation of the Task (I.T =00-02 scores)**

- ✓ Definition and Context: Evaluates how well the candidate grasps the core demands of the prompt, identifies the target audience, adopts the correct tone, and establishes a clear purpose from the onset.

Indicators of Achievement:

- ✓ The candidate Accurately defines the scenario and contextual problem presented in the task without misrepresentation.
- ✓ Captures the correct persona, tone, and appropriate format required
    - Public sensitization message
    - Speech
    - Open letter
    - Announcement
    - Notice
- ✓ Immediately hooks the reader and outlines why the issue matters to the affected community.
- ✓ Avoids generalized throat-clearing or repeating the prompt word-for-word; jumps straight into functional and purposeful framing.

2. Generating Ideas (G.I = 00-02 Scores)

- ✓ Definition and Context: A Candidate Measures the breadth, depth, logical relevance, and originality of points brought forward to address the specific problem.

Indicators of Achievement:

- ✓ A candidate Generates a rich pool of distinct, highly relevant arguments directly addressing the core crisis e.g:

- *dangers of silence,*
- *collective responsibility,*
- *community security*
- *how to handle substance abuse*
- *how to help parents with wild youths in their homes*.
- *Collaborating with local authorities to ensure that there is proper follow*-up, ensuring that there's continuity of the security measures
- *A rehabilitation program or project for the affected youths*

- ✓ Elaborates each point fully rather than merely listing or throwing out unsupported statements.
- ✓ Avoids repetition and trivial padding; ensures every generated idea moves the argument forward.
- ✓ Demonstrates critical thinking by anticipating counter-arguments or skepticism (such as resident apathy or fear of retaliation) and systematically refuting them.

3. Integration of Knowledge from other subjects at UACE (I.O.S =00-01 Scores)

- ✓ Definition and Context: A candidate Assesses the candidate's ability to draw upon and appropriately apply concepts, theories, and vocabulary specific to principal and subsidiary subjects taught at UACE level to address concerns in the scenario.

Indicators of Achievement:

- ✓ History and Political Education / Sub. ICT: Incorporates principles of civic duty, community policing, human rights, the role of local councils (LCs) under decentralized governance, and the socio-economic impacts of crime and drug trafficking.
- ✓ Economics / Entrepreneurship: Integrates concepts related to the destruction of local trade, loss of human capital, investment climate, and how insecurity repels business growth in trading centers.
- ✓ Christian Religious Education (CRE) / Islamic Religious Education (IRE): Employs moral values, ethical responsibility, stewardship of society, justice, and community solidarity.
- ✓ Literature in English / Sub. English: Utilizes persuasive rhetoric, empathetic appeals, vivid imagery, and effective register to mobilize masses.

Application: A Candidate Seamlessly weaves these S.6 subject perspectives into practical arguments without sounding disjointed, forced, or overly academic.

4. Conclusion and Informed Judgement (C.J. = 00-02 scores)

- ✓ Definition and Context: A Candidate Evaluates how well the candidate synthesizes the main arguments, delivers a final call to action, and forms a balanced, mature perspective.

Indicators of Achievement:

- ✓ Avoids introducing completely brand-new arguments in the final closing sentences.
- ✓ Summarizes the overarching stakes clearly and convincingly.
- ✓ Leaves the audience with a powerful, actionable final verdict or appeal that encourages participation and unity.
- ✓ Reflects maturity, civic responsibility, and forward-looking optimism.

5. Presentation of Paragraphs and Language (P.G. =00-02 Scores)

- ✓ Definition and Context: A candidate Focuses on the mechanical control of English, structural layout, paragraph cohesion, register, and overall readability.

Indicators of Achievement:

- ✓ Paragraphing: Demonstrates logical paragraph smooth transitional markers where each paragraph focuses on a single, well-developed controlling idea.
- ✓ Vocabulary & Register: Employs precise, varied, and context-appropriate vocabulary suited for persuasive communication.
- ✓ Grammar & Mechanics: Maintains correct syntax, punctuation, spelling, and tense consistency, sentence construction is natural and highly formal.

Scoring

I.T	-	02	Interpretation of a task
G.I	-	02	Generating ideas
I.O.S	-	01	Integration of subjects
C.J	-	01	Conclusion and informed judgement
P.G	-	01	Presentation of paragraphs and language.

Total scores = 09

SECTION B: Application of Critical Analysis and Innovation to Address Community Issues.

Items 2 and 3

1. **Title of the Research, Introduction/Background**

   Indicators of Achievement

- ✓ *The title is clear, concise, and fully communicates the study's focus and scope.*
- ✓ *The introduction clearly defines the problem and provides relevant background, fully justifying the need for the study.*
- ✓ *There are two variables and a scope*.

2. **Problem Statement**

   Indicators of Achievement

- ✓ *The problem is clearly defined, specific, and urgent, with direct relevance to the local context.*
- ✓ *The problem is stated in three parts: the ideal, the reality, and what the proposal intends to do.*

3. **Objectives of the Study, Research Questions/ Hypothesis**

   Indicators of Achievement

- ✓ *The objectives are specific, measurable, and directly linked to the problem statement.*
- ✓ *The research questions/hypotheses are highly relevant, clear, specific, sequential and feasible to answer with the proposed methods.*
- ✓ *There are three research questions.*

4. **Methodology, Data Collection and Sampling.**

   Indicators of Achievement

- ✓ *The methodology is well-justified, appropriate, and feasible, clearly aligning with the research questions/hypotheses.*
- ✓ *Data collection methods are well-defined, comprehensive, and the sampling strategy is representative and feasible.*

5. **Data Analysis/ Interpretation.**

   Indicators of Achievement

- ✓ *Data analysis techniques are appropriate and fully aligned with the research questions, with clear plans for interpreting results*.

6. Expected Outcomes, Significance and Conclusion.

Indicators of Achievement

- ✓ *The learner presents at least three expected outcomes which are clearly defined, actionable, and directly linked to the objectives and research questions/hypotheses.*
- ✓ *The study's significance is well-articulated, demonstrating a strong potential impact on community health and waste management practices.*
- ✓ *The conclusion effectively summarizes the study, emphasizing its importance and providing a strong call to action.*

7. Coherence and structure

Indicators of Achievement

- ✓ *The proposal is logically organized, well-structured, and easy to follow, maintaining a professional tone throughout.*
- ✓ *The sections appear in sub-titles. The learner uses appropriate register and tense.*

Scoring

I.T	-	03	Title, Introduction/ Back ground
P.S	-	03	Problem statement.
O.Q	-	06	Objectives of study / research questions/ Hypotheres.
M.D	-	03	Mithodoogy, Data collection
E.O	-	03	Expected outcomes, significance and conclusion
C.S	-	02	Coherence and structure

Total scores = 20.
