ITEM 3

Literature presents to readers with a wide range of characters who play different roles in the development of the text. These propel the action, ideas and events of the text. Referring to any set book you have studied, discuss the role of a character of your choice.

Basis of assessment:

Aspect (AS): Character role.

- Identification of character role.
- Illustration of character role.
- The candidate is expected to select a text of reference, which must be a set book.
- They should then identify a character in that text and discuss the role the character plays in the story.
- The text identified can be a novel or a play. However, if a candidate selects a poetry anthology, they should use only one poem and one character in that poem. Using several poems and several characters goes against the demands of the question and will be penalized in that case, consider only one of the poems, and a characters used.

The character role should focus on:

- Plot development
- Thematic portrayal
- Character development
- Symbolic role
- Source of an effect (feelings/emotions/mood/atmosphere/attitude)
- Relevance to society
- Lessons drawn
- Author's mouth piece (where applicable)
