Item 1.

For a long time, drug abuse has been a very big problem among the youth in different places in Uganda. In Kimuli Community School, a student, without provocation, attacked his dormitory warden who found him in the dormitory during class hours. The warden immediately suspected that his violent behavior was not without cause. Having successfully sent the boy to class, the warden embarked on investigations and discovered what was later confirmed to be marijuana in the boy's box. His friends were interrogated and they revealed that he had been supplying them with the same drug. The parents were invited to a disciplinary committee meeting. Given this experience, your school's writer's club has been tasked to sensitize the school community about the dangers of drug abuse. As a member of the writers' club, you wish to participate.

Write a one-act play in line with the situation above. Use 1000-1500 words. In your writing, be mindful of plot, character and style.

Item 2.

In Heaven High School, students take their studies very seriously. Night preps often end by 10:00 p.m. and students are expected to be in bed by 11:00 p.m. when the lights out rule is applied. However, after the lights out time, some students have reported hearing and seeing strangely dressed people roaming in and outside the dormitories at odd hours of the night. Some students have also complained about waking up in the night to find their blankets and bed sheets removed and thrown on the floor. This has fueled fear among students. There is now talk of ghosts or spirits hunting the school. An investigation was carried out and it was discovered that some naughty students were the ones doing all these. To restore calm, the school administration had to seriously deal with the culprits. It was also resolved that all students be sensitized against involving themselves in such anti-social behaviour. The Writers' Club has been charged with the responsibility of mobilizing other students to participate in the campaign. As a member of the club, you wish to participate.

Write a short story you will submit. It should be of between 1000- 1500 words.

Item 3

In many communities in Uganda, families continue to face severe poverty caused by unemployment, crop failure, low incomes, rising prices, and limited access to education. As a result, many young people lose hope, abandon school, engage in crime, or believe that success is impossible. However, there are also inspiring stories of individuals such as Angela, who, despite overwhelming hardship, refuses to give up. Through determination, resilience, hard work, and support from others, she gradually overcomes the challenges of poverty and improves her live. Such stories remind society that poverty should not destroy people's dreams and that perseverance can create opportunities even in the most difficult circumstances. To inspire hope and raise public awareness, the *Community Development Initiative* (CDI), a local NGO in your area has launched a creative writing campaign. The campaign seeks original literary works that portray the realities of poverty while encouraging people to remain resilient, work hard, support one another, and never lose hope. The best entries will be performed during the Community Anti-Poverty Awareness Week and published in a youth literary magazine to motivate others facing similar challenges. As a literature student you wish to participate in the campaign.

Write either a short story or a one-act play that you will submit. It should be between 1000-1500 words.
